| Summary | | |
| <p>The Lodge although small is a very friendly and welcoming lodge and offers several social functions over the year where the ladies and non-masons are encouraged to attend. After a few years without new members we have, in 2018, initiated 3 new brothers and had 3 Joining members and in 2019 1 more brother introduced by the Province membership initiative. This has brought some vibrancy back to our Lodge and we are very happy to welcome new members.</p> | | |
